SOFT SKILLS

- Communication
- Problem-solving
- Time management
- Teamwork
- Creativity
- Stress managment

LANGUAGES

- Polish - native
- English - B2

HOBBY

- Bodybuilding
- Football
- Coding

ABOUT

Being in the final semester of my engineering studies at the University of Silesia, I have had the opportunity to learn and master many different technologies in web development. I have completed several projects for university-related courses and gained one year of commercial experience as a front-end developer, as well as three months as a back-end developer.

EDUCATION

University of Silesia, Engineer

October 2021 - February 2025 (expected graduation)

Field: Computer Science
Achievment: First place at 24h programming marathon

TECHNOLOGIES

- JavaScript
- CSS/SASS
- Firebase
- Figma
- React.js
- HTML
- Tailwind
- Node.js
- Next.js
- Redux
- Express.js
- SQL
- Electron.js
- TypeScript
- MongoDB
- Styled components

WORK EXPERIENCE

Junior Next.js developer, Consilium

2024 May - 2024 Oct

Contributed to the development of a psychological platform by fixing bugs and implementing new features. Collaborated closely with backend and frontend teams to ensure seamless integration and functionality. Additionally, worked on other projects, including leading the development of an admin panel for clients from the ground up.

`React` `Next.js` `Tailwind` `Zustand` `Figma` `Jira` `Styled components`

Java developer summer internship, Comarch

2024 Jul - 2024 Sep

Participated in a typical internship program at Comarch, focusing on Java development with the Spring framework. Gained hands-on experience in backend development while working in a large backend team and within a major corporation.

`Java` `Spring` `Maven` `Gitlab` `Postman` `Jira`

Front-end developer Internship, Prosta Edukacja

2023 Mar - 2023 Aug

Developing educational platform. Creating new functionalities, fixing bugs in a five person developer team using React and TypeScript and working with Next.js on landing page.

`React` `Next.js` `Tailwind` `Redux` `Figma` `Jira` `Bitbucket`
